**HOW TO USE:** At the end of each workday, place a drop of **31 Herbal Oil** on each index finger. Place your index fingers on your temples and rub gently. Next, put a couple drops on the palm of one hand, rub them together then massage into the back of your neck. Cup your hands over your nose and mouth and take four deep breaths inhaling the **31 Herbal Oil**. Use throughout the day or night directly on skin. Rub anywhere you have pain or on your temples to relieve a headache.
